To Whom It May Concern,

I would like to take this opportunity to commend Marc Masotti and Masotti Construction Inc. and offer my personal recommendation. Nico Taverna is a quaint, fun, romantic and friendly restaurant located right in the heart of a vibrant Italian community near downtown Windsor. Masotti Construction recently acted as the Design Built General Contractor for the major renovations of our new location. Marc led his team and trades in a highly professional and organized manner. Marc was very resourceful; he helped me to not only meet my expectations but to exceed them.

The renovation was unique in its design and required great attention to detail. Marc delivered on these aspects and maintained excellent lines of communication with myself and all parties involved in the process.

I am very satisfied with my choice to utilize Marc's services and am very pleased with the finished product I received.

Sincerely yours,
