

August 20, 2019

To whom it may concern;

I write to you as a respected colleague and friend of Mr. Marc Masotti, whom I have known for over 23 years in my capacity as Windsor Construction Association (WCA), Executive Director since 1997.

Marc and his firm Masotti Construction have been outstanding members of the WCA well before I joined the organization, so their tenure of long term success and credibility as General Contractors is long founded.

Marc served on the WCA Board of Directors, as an elected Director by his peers and contributed to the steady growth and success of the WCA, as well as contributing to the Industry as a whole through his knowledge and success.

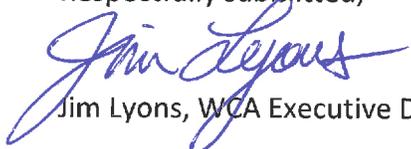

The Masotti Construction firm continues to be a highly respected and successful local General Contracting firm recognized for its quality, expertise, integrity and timely delivery of all facets of Industrial, Commercial, Institutional, alternative energy, and residential sector projects within the Essex County, and southern Ontario marketplace.

Marc Masotti is humble in nature and his success, and for this he remains quietly successful and easily gains the confidence from his clients and constituents, whether they are local municipal, educational or private in orientation. The same can be said of his relationships with the trade Unions whom is signatory to, and the trade contractors and professionals he works with on a daily basis.

Marc generously volunteers his spare time to speak to graduating classes of the CET program at St. Clair College advocating the merits of the construction industry, and he remains a strong supporter of the WCA Board and staff.

It is a true pleasure, privilege and delight to call Marc Masotti a colleague and friend.

Respectfully submitted,

Jim Lyons, WCA Executive Director
